\* Case No. 91-515-A

FINDINGS OF FACT AND CONCLUSIONS OF LAW

The Petitioners herein request, pursuant to the Petition for Zoning Variances, a variance from Section 415.A.1 to allow a recreation vehicle to be located 2 ft. in lieu of required 8 ft. from the rear of the lateral projection of the front foundation line of a single family home, as more particularly described on Petitioners' Exhibit No. 1.

The Petitioner, Elbert Brooks, appeared and testified. There were no Protestants.

Testimony indicated that the subject property known as 3301 Croydon Road consists of .16 acres +/-, zoned D.R.5.5 and is currently improved with a single family dwelling.

Testimony indicated that the Petitioner has recently purchased a 34 ft. long motor home which he currently parks on the northwest side of his

The Petitioner testified that he currently parks the vehicle within 2-1/2 feet of his rear property line and the vehicle extends to within two feet of the front wall of the subject home. The Petitioner further indicated that there is no other practical location on this lot where he can park the motor home and be in compliance with the B.C.Z.R.

The Petitioner testified that he has spoken with his immediate neighbors and that all are in support of the granting of the subject variance relief (see Petitioner's Exhibit No.2).

Based upon the testimony and evidence presented at the hearing, all of which was uncontradicted, in the opinion of the Zoning Commissioner the relief requested sufficiently complies with the requirements of Section 307 of the Baltimore County Zoning Regulations (B.C.Z.R.) and, therefore, should be granted. There is no evidence in the record that the subject variance would adversely affect the health, safety and/or general welfare of the public. Furthermore, strict compliance with the B.C.Z.R. would result in practical difficulty and/or unreasonable hardship upon the Petitioner.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons given above, the relief requested should be granted.

THEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 26 day of 1991 that, pursuant to Petition for Zoning Variances, a variance from Section 415.A.1 to allow a recreation vehicle to be located 2 ft. in lieu of required 8 ft. from the rear of the lateral projection of the front foundation line of a single family home in accordance with Petitioners' Exhibit No. 1, is hereby GRANTED, subject, however, to the following restriction which are conditions precedent to the relief granted herein:

1. The Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30 day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the Petitioners would be required to return, and be responsible
